Allowable Subject Matter

1. Claims 1-108 are allowed.
2. The following is an examiner's statement of reasons for allowance:

This application is allowed because the prior art fails to disclose the recited invention. The present invention discloses a system and method for creating a timbre environment for a multi-channel musical instrument having plural vibrating elements, wherein the system comprises: a first group signal processor which receives a plural electrical signals responsive to vibrating elements, where the signal processor collapses the dynamic range of the group signal. The invention further provides a pitch transposing processor for processing the signal, wherein the pitch of the signal can be shifted. The system provides an emphasis signal processor for receiving a second individual signal in response to vibrations of the vibrating elements and an audio mixer for mixing the processed signals from the first group signal; the pitch transposing signal. The prior art fails to provide the elements stated above. Therefore, this application is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
